

HE HAS BIG JOB

Secretary of Kansas Teachers' Ass'n Has Much Work.

Must Raise \$50,000 Per Year for Convention.

The job of being a hired man to 16,000 teachers is no snap. Some of the duties of the secretary are: To have charge of the publicity work; edit the Kansas Teacher, which has a circulation of 13,500; finance the entire association, which means to raise \$50,000 annually; to manage the teachers' placement bureau and dictate 1,000 letters a week. The secretary's position is no bed of roses and when the annual convention of the Kansas State Teachers' association is in session, it becomes worse, as he has personal charge of the Topeka meetings, at which 7,000 teachers attend and he has to keep in close touch with the other three conventions which are in session at the same time.

To Secure Enrollment.
The Kansas State Teachers' association's financial existence depends upon the enrollment of every teacher, principal, superintendent, board members and other persons who attend the meetings. The membership fee is only

\$2 a year and as a result a great number of enrollments must be secured to finance the program and other expenses of the association. The success of the enrollment depends upon the assistant secretary at the convention. He acts as business agent of the association, at which meeting he serves, for he represents the secretary in all transactions. The secretary must see that the assistant secretary keeps an enrollment force of sufficient numbers. No duplicate enrollments will be made during the meetings. If any teacher loses, destroys, misplaces or leaves her enrollment slip at home, she must re-enroll and pay the membership fee of \$2. After the convention is over she may write to the secretary's office and make a formal claim for the amount.

Funds Placed on Deposit.
The secretary must see that the funds are banked properly. A certain bank is designated for each convention city where the funds must be deposited. It is also important that the top portion of the membership card be saved for office record as that is the only way of insuring the sending of the Kansas Teacher to each member of the association. The secretary must also see that satisfactory doorkeepers are furnished.

The secretary must also see that the voting booth is taken care of. He must instruct the assistant secretary about equipment to use, the manner of voting, the districts to vote. Mail votes will only be accepted when sent direct to the secretary's office in Topeka. They must arrive not later than 2 o'clock on the afternoon of Thursday, November 3. It is the duty of the secretary to instruct the assistant secretary on how business may be conducted at the regular sessions and how to file the official report on the election of officers.

In the payment of speaker and talent, the secretary of the association sends a voucher to the assistant secretary for the full amount. The secretary then gives the voucher to the proper person.
If any speaker fails to arrive, the assistant secretary is instructed to obtain the best local talent possible to fill the vacancy. When the speaker does not arrive or is unable to continue his schedule, the assistant secretary must instruct the assistant secretary of the convention at which he will next appear. The assistant secretary is also instructed to co-operate with local papers and give them a maximum amount of publicity.

VICTOR ARTISTS ARE COMING.
Stars of the Talking Machine World to Give Concert in Topeka.

One of the most novel musical entertainments to be given in Topeka this season is scheduled for the auditorium January 1, when eight famous Victor artists will appear in person in a concert and entertainment extraordinary, under the local direction of John Smith Jones.

The eight members of the Victor party are: Henry Burr, tenor; Albert Campbell, tenor; John Meyer, baritone; Frank Croton, basso; Monroe Silver, the "Cohen" story teller; Fred Van Epe, banjoist; Frank Banta, pianist; and the world-famous laugh-provoker, Billy Murray. The Sterling Trio, composed of Campbell, Burr and Meyer and the Peerless Quartet, composed of Campbell, Burr, Meyer and Croton, will give several trio and quartet selections. The program for the evening will contain many numbers which these artists have recorded on the Victrola.

We can save you money on that lumber bill. Wheelan Lumber Co.—Adv.

BENJAMIN H. KAUFFMAN,
Reading, Pa.

"There's no doubt in my mind that Tania saved my wife's life," was the positive statement of Benjamin H. Kauffman, 605 Hingham St., Reading, Pa., popular clothing salesman for the well-known firm of Croft & Kock.

"I was almost desperate from worrying over her condition, as she had suffered so long without getting relief and I can hardly believe my own eyes now when I see the change in her. Why, she doesn't show her age by twenty years and declares she never remembers feeling better in her life. Her health was failing steadily for a year as a result of catarrh of the stomach, and I have never seen anybody suffer as much from indigestion and nervousness as she did."

"After a five weeks' course of Tania she was like another person, and I'm firmly convinced that years have been added to her life. It makes no wonder now when I think what the result might have been if she hadn't taken Tania in time."

Tania is sold in Topeka by Tully-McFarland Drug Co., and leading druggists everywhere.—Adv.

Simplest, best, and most economical river bank and bridge protection. One county official has recently said in connection with the Patent Steel Jetty: "One expenditure of a few hundred dollars has saved us a span or two of bridge already—and protected us for all time." The Patent Steel Jetty Co., Silver Lake, Kan.

MOTHER!

Move Child's Bowels with "California Fig Syrup"

Even a cross, feverish, bilious, or constipated child loves the "fruit" taste of "California Fig Syrup." A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the bowels, and undigested food out of the bowels and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children, of all ages printed on bottle. Mother!—You must say "California" or you may get an imitation Fig Syrup.

This Ten-Day test costs you nothing. It will bring you results that will please. Send the coupon for it.

Combats acid

Pepsodent also multiplies the salivary flow. It multiplies the starch digestant in the saliva, to digest starch deposits that cling. It multiplies the alkalinity of the saliva, to neutralize the acids which cause decay.

In these ways it acts as fruit acids do. With every use it multiplies Nature's teeth-protecting forces. Old methods had the opposite effect.

Watch it act

Send for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

A book we send tells the reason for each good effect. Judge what those results will mean to you and yours. Cut out the coupon now.

This Offer means prettier teeth—accept it

This is an offer which millions have accepted. And glistening teeth seen everywhere show the good effects.

Make this free test. Then judge the benefits by what you see and feel.

To fight film

Dental science, after diligent research, has found ways to fight film on teeth. Careful tests have proved them beyond question. Now leading dentists everywhere advise their daily use.

The methods are embodied in a scientific tooth paste—Pepsodent. So all may regularly apply them. To countless homes they have brought already a new era in teeth cleaning.

Pepsodent PAT OFF
